Dedication

Hand in hand with progress and prosperity the development of transportation continues.

Therefore, we dedicate this 1929 Megaphone to the transportation of Humboldt County.

In memory of those High School Students and Graduates who have passed to the Great Beyond

I wonder why we pity so
  Those who have died and gone alone,
As if indeed we felt them wronged
  Of some sweet right that was their own.

Beneath the grass, beneath the drift,
  Out in the storm, they often seem,
Shut from the light of sun and star,
  Or in the sleep of some long dream.

Why not think of them as they
  From all ignoble fret at rest,
Learning new life, new joy, and all
  That makes the soul forever blest?

Think of them, then, as those who go
  Upon delightful errands sped,
Doing their share of mighty work,
  With God, and glad, and never dead!

Harriet Prescott Spofford.

Over mountain trails their hardships grew
To reach the promised land of riches ever new.

James Bryce, author of the "American Commonwealth," said, "America will continue to keep on prospering and growing in greatness if its people will continue, first to take an interest in their fellow-citizens of every kind, and secondly, to place public good ahead of private gain."

At no time, in the history of this school, do we find a graduating class better equipped or prepared for this responsibility, that rests upon every citizen of America. It is not only a responsibility, it is also an opportunity and a challenge which the members of the class of '29 gladly accept. During their four years of high school work these young citizens have adhered to the motto:

"If a task is once begun, never leave it till it's done.
Be the labor great or small, do it well or not at all."

As they go from these halls of learning, erected by the effort of the people of this high school district and dedicated to the ideals of service they take this thought with them:

"You may travel, no matter how fast or how far;
You cannot escape it wherever you are.
Some duty awaits you, some good you should do,
There is something the world is expecting of you."

G. J. Badura.

Students of this school are given an exceptionally good opportunity to choose their subjects from a wide range of courses. The course of study is divided into the following divisions: College Preparatory, General, Home Economics, Commercial, Agricultural, and Industrial Arts. The last four are divided into a life preparatory and a college preparatory.

Time and effort have been no obstacle in maintaining a school plant that will meet the needs of every department. The student body group is an example of the assemblies held every Tuesday morning. At these assemblies, programs are given by the various advisory groups. In this way every student in the school is given an opportunity to participate in a program at least once a year.

Trustees

As the curtain falls upon the 1928-29 school year, the students of this high school feel a great debt of gratitude to the trustees for their interest and cooperation. They have selected an able Principal and have provided a school plant and equipment of which the students can well be proud. The trustees have proved enthusiastic and cooperative representatives of the tax-payers.

The present board is composed of the following members:

Mr. H. Klass	President	Scotia
Mr. F. P. Newell	Secretary	Fortuna
Mr. F. W. Luther		Alton
Mr. J. T. Beaber		Hydesville
Mr. J. J. McCloskey		Loleta

These men are elected at large from the Fortuna Union High School District which is composed of the following Grammar School Districts: Alton, McDiarmid, Rio Dell, Scotia, Shively, Pepperwood, Holmes, Hydesville, Cuddeback, Rohnerville, Banner, Loleta, and Fortuna. The taxpayers of this district are ably represented by these members of the school board.

Mr. Badura
Mr. Damon

Miss East

Mr. Stenback
Mr. Jenner

The Executive Council

The Executive Council is interested in the Life Guidance of the boys and girls of the Fortuna Union High School. In acting as an advisory board to the principal, it is sometimes necessary for the board to handle cases of school discipline which are submitted to it for a decision. The members are chosen for their particular training along the lines of Life Guidance. The membership includes: Mr. G. J. Badura, Principal; Mr. R. H. Stenback, Vice Principal; Miss M. East, Dean of Girls; Mr. R. Damon, Dean of Boys; and Mr. G. K. Jenner, Vocational Director.

This Council assists the Principal from year to year in revising the course of study. Two members of the Council, Miss East and Mr. Stenback, supervise the work carried on in the advisories during the Advisory Period. The work carried on in the advisory groups this year dealt with such topics as: Office rules and regulations, merit system, report cards and grades, social usage, health, parliamentary law, music, how to use the library, choosing an occupation, and others of equal importance.

The Seniors' Lament

Oh, say is it true,
That our four years are o'er
That our work is complete,
And we'll be here no more?

Why, it seems like a dream,
That we'll never again
Be the "freshies," the "sophs,"
And the "upperclassmen."

Though we may attend college,
And schools by the score,
Still we'll miss those old days
When we took History IV.

Oh, the time was well spent,
We will say, with a sigh,
Those days when we went
To dear Fortuna High.

The Juniors

The Seniors are a good class
And likewise, all the rest
Are famous in a small way,
But the Juniors are the best.

They always win in everything
They undertake to do;
Above all, they are good sports,
They're loyal and they're true.

In sports they're represented
By the best men in the game;
Their scholarship standing makes
The other classes tame.

Yes, the Juniors are the winners,
Equals they have yet to meet
Just come up against the Juniors
And you will be badly beat!

Hit the Line

Then hit the line Fortuna High
Fortuna High wins today.
And we'll show the sons of our old High
That the Blue and White holds sway.
Then plunge down that field again to victory or die.
And we'll give a good old cheer boys,
As Fortuna teams go by.

The Sophomores

Dear friends, we really are perplexed
About this situation,
We're one year passed the starting point,
And two from graduation.

When Freshmen we were treated fair
(In the upper-classmen ways)
But now since we are Sophomores
The have left us in a daze.

They have tried to win from us in sports,
But haven't beat us yet.
And teachers have delayed us, too,
With big exam's and threats.

But since we've gone this far along
(And we have done our best)
Won't someone please grow kind enough
To help us through the rest?

Freshmen

Come listen to us Freshmen,
We're a class whom all admire
We'll show the other students
We can set the world on fire.

And because they don't believe it
We will say a word or two,
That we are the hearty boosters
Of Fortuna's "White and Blue."

The Sophomores can't realize,
Their best school days are past,
And the Juniors always think,
That they're advancing pretty fast.

And then there are the Seniors,
Who think they're big and wise,
They think they rule the high school,
But we'll tell them otherwise.

For soon now they will graduate
And leave the "White and Blue."
Then they'll go on to college
Where they'll all be Freshmen, too.

The Progress of Transportation

Father Time was thinking of travel,
As he sat in an easy chair;
There he fell asleep, and a vision
Led him up a long, steep stair.
On the first step he thought of rowing
In a loaded Indian canoe,
That was making its way to Fortuna,
Our own town, young and true.

For a time on the first step he lingered,
Till the dipping of paddles had died;
On the next step he saw two companions
As they trudged along, side by side.
In this second step, the vision
Showed the hardships and toil of days:
It showed a mule and his master,
And then it went, fading away.

The next steps mingled together
But the vision was still quite clear;
Covered wagons, the horse and the stage coach
Were next in the progress of years.
Then Father Time saw a buggy
Pulled o'er the road by a steed.
Once more he drove to Fortuna,
In a dream that was true, indeed.

And then in his visions and fancies
(Almost at the top of the stair)
He saw the people rejoicing,
Without a worry or care.
For now the folks of Fortuna
Were riding in autos abroad:
And before many years had passed them,
Many more cars had been scored.

By then he had climbed to the last step
Of that long and eventful flight;
He almost gasped in his dreaming
The vision gave forth such a sight.
Among clouds and the clear blue sky,
High over the town of Fortuna,
Soared a bird, called an "aeroplane,"
The pride of the people's eyes.

"Athletics"

Humboldt products were carried to countries afar
By huge sailing boats that crossed the bar.

The development of a youth into a useful and successful citizen is influenced in no small degree by his ability to turn down or to keep away from the many increasing pitfalls of what we call "modern times."

The ever increasing development of modern machinery has thrust upon the active generation considerable leisure. What shall he do with this extra time? The knowledge, entertainment, and joy derived in game play while a student, should not stop with the issuance of a diploma. There is no better way of taking care of a part of this leisure time, than to choose at least one sport to be carried beyond school days.

Real sport competition not only brings better health habits, but gives a higher type of associates, keeps the mind and the body clean and develops the ability, the inclination and the determination to do things.

Fortuna went through a successful football season this year. The Blue and White won four of the six games played, taking second place in the H. C. I. L. They were defeated only by Eureka.

Fortuna is looking forward to a very successful season next year The following lettermen will be eligible for the team: Backfield, Stillings, Buxton, Rovai, Garcelon, Myers, Lowrey, and Linser. On the line will be Bachetti and Oliver. With this material Fortuna hopes to win the championship.

Fortuna had a very good midget team this year; even though they did not win the county championship. At the end of the season Fortuna and Eureka were tied for the county championship, each having met defeat at each other's hands.

The playoff was held at the new Ferndale High School gymnasium as it was a neutral court. This game was fiercely contested throughout. At the end of the first half the score was knotted at 12 all. Eureka forged ahead in the final period and came out on the long end of a 29 to 23 score. This gave Eureka the championship and the right to play Fort Bragg.

Left to right—Standley, McKay, Trione, Gulliksen, Tatman, Edson, Stillings, Cirby, and McGovern.

Different Games

Fortuna won both the Arcata games without much trouble this year. The first game was played on the Arcata court with Fortuna the victor by a 23 to 11 score. The Blue and White team also took the second game by a 21 to 10 count.

The first game with Eureka proved disastrous for Fortuna, Eureka winning the game by a 28 to 10 score. After Stillings and McGovern went out on personals the team lost confidence. In the second game Fortuna came through to win by a close score of 21 to 17. Eureka was leading at half time but the Blue and White came back strong to forge ahead and take the game. Fortuna lost the play-off game to Eureka and thereby lost the championship. Eureka came back strong in the second half to win by a score of 29 to 23.

Fortuna annexed both games with Ferndale. The Ferndale teams were hard fighters but they were outclassed by the Blue and White team. The score of the first game was 27 to 10 with Fortuna on the long end. The second result was 34 to 13.

Front row, left to right—Mengali, Lozensky, Kaski, and Burnside.
Back row, left to right—Mizulo, Bowers, Miller, Grinsell, and "Coach" Damon.

Fortuna	27	vs	Ferndale 7

The unlimited team was not as fortunate as the limited team. At the start of the season the team had only one letterman from the preceding year. As a result they did not do so well winning only two of the seven games which were played.

Crescent City was added to the league this year so this meant an extra game for Fortuna. The Blue and White boys had the fighting spirit in every game but they were outclassed by several of the other schools which had many veterans on their teams.

Next year the heavyweight team will do its best to make up for this year and it will try hard to put out a championship team.

Left to right—Gianoni, Kaski, Oliver, Bowers, Lozensky, Grinsell, Burnside, Buxton, Mengali, and Mizulo.

Unlimited Basketball

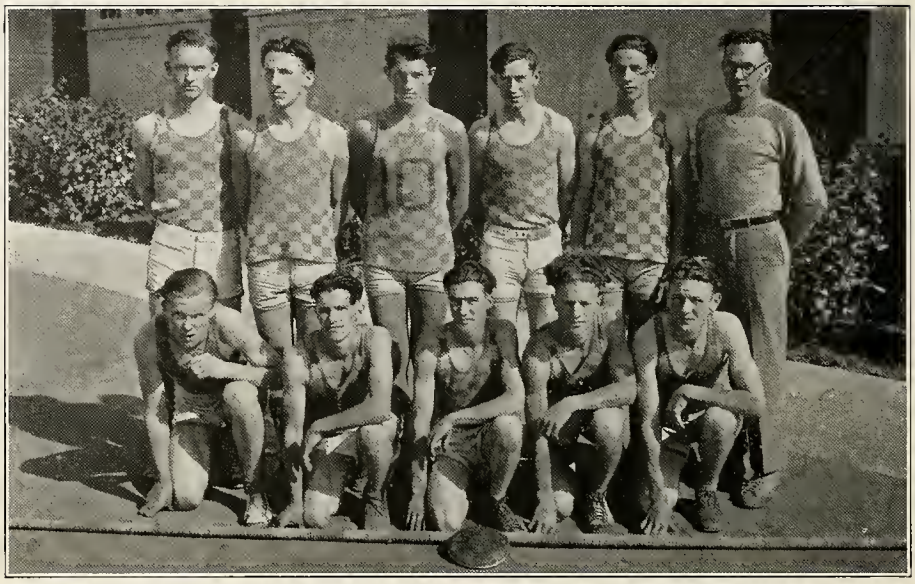
Del Norte - Humboldt County Games

The first game of the Del Norte-H. C. I. L. was played with Arcata on the Arcata floor. The Blue and White team put up a great fight but were outclassed by the more experienced Arcata players. The second game with Arcata also ended with Arcata on the long end of the score. The score of the first game was 26 to 13 and the second game 21 to 9.

Fortuna also lost the two Eureka games. Eureka took the first game by a score of 40 to 18. They also won the second game by a 26 to 4 count.

The Blue and White played only one game with Crescent City. This game was played on the Fortuna floor. The Crescent City team came out victor by a score of 13 to 10. The Fortuna team had more shots than the visitors but could not connect with the basket.

Fortuna won their two games against the Ferndale team. The Blue and White team had an easy victory. The Fortuna boys played excellent basketball in both of these games resulting in the scores of 29 to 9 and 27 to 7.



Front row, left to right—Lozensky, Paine, Rowley, Dixon, O'Rourke.
Back row, left to right—Burnside, Miller, Mizulo, Grinsell, Griesback, and Mr. Damon.

Unlimited Track

The 1928 track meet was held at Ferndale. Arcata took first place; Eureka, second; Fortuna, third; and Ferndale, fourth. The two county records for the discus and the javellin were broken.

Baseball

Del Norte - Humboldt County League

With the coming of Spring there comes the call of baseball. The Blue and White teams have always been successful in Baseball and the chances for a championship team this year were exceedingly bright. The 1929 season opened on March 16 at the Fortuna High School grounds, Fortuna meeting Arcata in the "lidlifter." The lettermen on the team from the preceding year were: McKay, Lozensky, Mengali, Travis, Stillings, and Lowrey.

The lineup this year was as follows: Souza, catcher; McKay, pitcher; Lozensky, first base; Mengali, second base; Martinelli, third base; Travis, shortstop; Gianoni, left field; Lowrey, center field; and Stillings, right field. The relief players were: Rovai and Godec, pitchers; Barsanti, catcher; Larson and Mizulo, outfielders.

Each member of the team played his best in order to maintain Fortuna's reputation in baseball.

Front row, left to right—Burnside, Docili, Anderson, Cottrell, and Miss Chapman. Back row, left to right—Trione, D. Bowers, Stillings, S. Bowers, and "Coach" Damon.

Tennis

The 1929 county tournament was held on the Fortuna Union High School courts. All of the Blue and White players practiced hard for this tournament so that they might be able to retain the championship which they won in 1928. The 1928 tournament was held at Arcata. The Fortuna players won three events: Boys singles, boys doubles, and mixed doubles. Arcata captured girls singles, and Eureka the girls doubles.

The members of this year's team were: Girls, Lena Docili, Helen Cottrell, Zelma Burnside, and Mary Anderson; Boys: Deane Bowers, Bruno Trione, Stanley Bowers, and Leonard Stillings. Of these three, Helen Cottrell, Deane Bowers, and Bruno Trione were veterans, and all showed improvement and put up a good brand of tennis. The new players also played very good tennis.

Each year tennis is becoming more popular at the Fortuna Union High School. During good weather the courts are always full of tennis fans. With the players taking an interest in the game, prospects for tennis teams in the future seem exceedingly bright.

Interclass Athletics

Besides Interscholastic Sports at the Fortuna Union High School, the four different classes compete among themselves to determine which are champions in each sport. The different interclass sports include basketball, baseball, track, and cross country. The class that wins the championship in each of these sports receives one hundred points toward the honor cup.

Basketball

The Junior Class won the championship in basketball this year. All of the games were hard fought with no team having an easy time. The junior victors were: Stillings, Miller, Tatman, Trione, Barsanti, Grinsell, and Linser.

Cross Country

The Cross Country is held each year during track season. The distance to be run is two miles. There are twenty places. The one who finishes first gets twenty points, the second nineteen, etc. The class that gets the most number of points wins first place and receives the hundred honor points. The 1928 Cross Country was won by Milton Lozensky. Truman Burnside was second and Eloy O'Rourke finished third. Last year's Junior Class received the most points and won first place.

Track

The 1928 interclass track meet was won by last year's Sophomore Class. Each class had a limited and unlimited team together and the class which had the most points won the meet.

Baseball

Interclass baseball is also a prominent sport. The Junior Class and the Freshman Class both won their opening games. Both classes had good teams and it was not until after a hard game that the championship was decided in favor of last year's juniors.

Physical Education for Girls

Looking into the future, educators realize that the average individual will have more and more time for recreational activity as each decade passes. This fact is just cause for an increased amount of thought and time given to the subject of Physical Education for our girls and boys of today.

It is the major aim of every physical education instructor to give the high school boy or girl not only an opportunity to engage in healthful, enjoyable athletics, (basketball, baseball, soccer) during his four years in school life, but also an opportunity to develop skill in some sport (tennis, hiking, swimming) which he will be able to enjoy after graduation.

The educationally sound physical education program must include health education. A pupil should be given the opportunity to form health habits as well as to know health habits. Applied hygiene will affect the personal health and happiness of the individual girl and her family. Looking into the future, she will be more able to build for herself a healthy, happy home, which is, after all, the highest ideal of any true and worthy young girl.

Back row, left to right—Grigsby, Holmes, McMillan, Hunter, Quigley, Kohinka, Miss Chapman.

Soccer

Soccer, introduced in the Fortuna Union High School last season, was resumed with added interest this year. The sophomores proved that they had the best team by winning the championship for two successive years. A double round-robin of games was played and a great deal of skill and enthusiasm was worked up by the teams. One hundred points toward the honor cup were given to the sophomores.

An honor team was chosen from the four classes. These girls showed the most skill, sportsmanship, and leadership ability. They were: Donna Ivancich, right wing; Hadie Quigley, right inner; Lillie Hansen, center forward; Merle Stewart, left inner; Bernice Rasmussen, left wing; Blanche McMillan, right halfback; Tracy Lozensky, center halfback; Nora Hopper, left halfback; Blanche Patton, right fullback; Hazel Kohinka, left fullback; and Esther Genzoli, goal keeper. Those deserving honorable mention were from the Freshman Class. They are Virgil Wilde, center halfback; and Zella Aldrich, goal keeper.

Front row, left to right—Perrott, Layton, Burnside, Rasmussen.
Back row, left to right—McMillan, Quigley, Miss Chapman, Lozensky, Kohinka.

Basketball

The sophomore girls won the basketball championship but were closely followed by the juniors who took second place. The seniors took third place and the freshmen fourth. Next year the freshmen will have more experience and will probably place high in the series of interclass games.

Many of the games showed a great deal of skill and were a big improvement over last year, making competition keener. One hundred points toward the class honor cup are awarded to the class which wins the championship in any sport, and each girl on the team gets additional G. A. A. points. This draws the students to the gymnasium and makes one's ears ring from endless rooting during the game.

A first and second team was selected from each class and a series of interclass games were played between the second teams. The two upper classes had to compromise, due to a shortage of players. However, they succeeded in winning the second team championship.

After the double round-robin was completed all members and managers of the sports of the season had a banquet. This created a great deal of interest and the players looked forward to that day with enthusiasm.

Sitting—Holman. Standing—Cirby, Stowers, Child, Miss Chapman, Brandt, Smith, Grigsby.

Volley Ball

Did someone say that volley ball was a slow game and too dead to have any fun? The sophomore girls do not think so because they actually had to be fast to win the volley ball championship.

To tip the ball over the net at the right time, in the right direction, with the right amount of force requires skill that anyone unused to the game cannot easily master. The life of the game depends upon the number of times the ball is rallied. Sometimes it is picked up within six inches of the floor; other times it is played back over the net before it touches the floor beyond the sidelines.

Speed, accuracy, and team work are necessary essentials in volley ball as much as in any other sport. Without them it could not be a game. In the championship standing the Sophomore Class took first place; juniors second; freshmen, third; and seniors, fourth. There was a very close competition between the juniors and sophomores, who almost tied.

Left to right—Mengali, Belloni, L. Hinds, E. Hinds, Reynolds, Soderman, Anderson.

Dancing

Is dancing a major art, or just an inspiration to other arts; or is it a means of physical education? Dancing is an art full of educational opportunities, and rich in inspiration for art and life. It is as old and as widespread as the human race itself. The dance belongs to all people, since movement and rhythm are a part of every being. If education is life, and dancing is a part of educational life, it should be a part of the educational program.

Here at school many girls are enrolled in dancing for the second year due to the joy they receive as well as to the development of poise, grace, relaxation, music appreciation, and consequently, personality. Clog dancing and character dancing have their places in education as a means of expression. The students put on varied programs in both natural dancing and clogging at special occasions throughout the year.

Each girl in the above picture did a solo dance in the operetta presented March 8 and 9, and contributed to the entertainment. The dancing class also played a part in the program sponsored by the Girls' League.

Baseball

The freshmen girls won the interclass baseball championship for 1928, but the juniors ran them a close race. Strong competition prevailed throughout the season with the sophomores taking third place and the seniors fourth.

The joy of an outdoor sport comes with the beginning of baseball season—the joy of an open air activity in the spring sunshine. The smile on the athlete's sun-tanned face as she plays for "the good of the team" tells the story of a healthy game on the baseball diamond.

Teamwork is an essential just as necessary in baseball as it is in any other sport, and individual play counts a great deal. Skill in catching, throwing, batting, judging the ball, and running must be accomplished by every player; and the better each player, the better the team.

It is the duty of the captain to keep up the spirit of her team, which results in a more lively, peppy game. Each girl who plays on any first team is awarded 100 G. A. A. points. A substitute and a second team player is awarded a smaller number according to the percentage of games each has played.

Tumbling

With the coming of tumbling season, one month before the spring sports begin, a different type of physical education takes place. Of course tumbling develops muscles and gives the tumbler a lot of exercise as well as bumps and bruises, but there is the development of initiative, perserverance, courage, and self-confidence. As a whole, tumbling is a well worth while sport for the one doing the stunt as well as for the person watching. It offers a good opportunity for something unusual in the line of entertainment.

How can the students handle their bodies to do those unusual tricks? The answer is simple, "Practice makes perfect" and without practice one can do nothing. To do a handstand combined with a flip on someone's knees needs practice and courage to try again after an awkard fall. However, the first lesson to learn is "how to fall."

The tumbling team and dancing class presented a program on the evening of May 15, which included a natural dance drama entitled "Hope," a tumbling performance, and a clogging drama. The program was sponsored by the Khan Tola club and was their major event of the year. The program showed what really could be done in physical education classes and also provided entertainment for the public.

Front row, left to right—Bravo, McKee, Early, Hansen, McMillan, Hopper.

Girls' Athletic Association

The Girls Athletic Association is a group of girls who have earned 50 points by participating in at least one sport of the season. The G. A. A. endeavors to promote good health standards and the appreciation of outdoor activities. It aims to interest every girl in athletics and make her a member of the association.

The G. A. A. executive council consists of a president, vice president, secretary, cheer leader and the managers of each seasons sports. Any girl who has been an active member for one year is eligible to wear the official G. A. A. pin.

A letter "F" is awarded to each girl who earns 600 points by taking part in interclass sports and hiking. Under the leadership of Miss Chapman the organization has proved itself well worth while and has increased in size during the year. The senior girl who ranks the highest in the number of athletic points, leadership, sportsmanship, G. A. A. service, and character is awarded a white athletic sweater with an "F" on it. This is the goal that every G. A. A. girl strives to win.

Helen Cottrell ..... Secretary
Velma Rowe ..... Treasurer
Ralph Buxton ..... Sergeant-at-arms

Under Stanley Bowers the Student Body has had a very successful year. Student government is benefiting the students a great deal as they learn to deal with the problems confronted.

Programs are given every Tuesday morning in the auditorium. Usually these programs are put on by the different advisory groups but sometimes movies are shown. The Student Body play was given during the first semester and proved a big success. A play was also given at the school exhibit. Probably the greatest success of the year was the operetta, in which a third of the student body took part.

Business problems of the Student Body have been few but the meetings have been full of pep. Although the athletic teams have been unfortunate in securing championships, they were well supported. Student rallies were held from time to time. At various meetings during the year athletic emblems were awarded and speeches were made by members of the different teams. Several speakers were heard including Mrs. F. E. Raymond, who spoke on "Women in Business" and Miss Annette Francisco, who spoke on Camp Fire work.

Since it was first started in 1928, the Fortuna Union High School Scholarship Society has rapidly raised itself to one of the leading positions in the school. Its members have taken an active part in nearly all of the activities of the school.

Members of the Society acted as ushers at the Student Body play, "Adam and Eva" in the first semester of the school year. The Society held a Christmas party on December 8, 1928, in which all the members took an active part. The new members were given a luncheon on February 4, 1929, by the old members.

Membership is based on scholastic attainment and merit rating. The Society held its luncheons on the first Thursday and its regular business sessions on the third Thursday of each month. There were sixteen members in the Society in the first semester and twenty-two the second semester. The Society's adviser, Miss Alberta Gatton, worked untiringly with the members throughout the year to promote the interests of the Society.

In 1927 the boys of the Fortuna Union High School organized what is known as the Knights of the Blue and White for the purpose of promoting athletics and of increasing fellowship among the boys. Since that time this organization has prospered and this year has been most successful.

During the Fall semester the boys held a Father and Son "Bust." This was a jolly affair, nearly every boy brought his father. A program consisting of a basketball game, boxing, wrestling, tumbling, and singing was the chief entertainment. A number of speeches were given among which was a humorous one by Dr. A. W. Young. After the program refreshments were served while music was furnished by the "Ten Dark Horses." It is hoped that this will be an annual affair.

School Service Club

Frank Standley ..... President
Leonard Stillings ..... Vice President
Muriel Reynolds ..... Secretary-treasurer

The School Service Club was formed in the fall of 1928 by Frank Standley and is regarded as one of the important clubs of the school. At the first meeting a constitution was drawn up and later plans were made for services to the school.

During the football season the members of the club did all the selling of tickets on the field. This was formerly done by class representatives. A contest was sponsored by the club during the second semester to find out things that needed to be done for the school. A prize was given to the student who listed the five best services. The club performed all of these. The club also sponsored a movie at the Fortuna Theatre in order to raise money.

The purpose of the club is to boost the athletic teams, to create a better school spirit and to do all in its power to serve the school. Miss Bowker was selected as the adviser and it is her help which has made this club one of the best in the school. It is composed of Juniors only.

"He who seeks to serve others best serves himself" is the motto of the Fortuna Excalibur club which is sponsored by the Fortuna Rotary Club, and the Eureka Knights of the Round Table. This club has the distinction of being the second club of its kind in the United States.

This year Mr. A. W. Way of the Eureka Round Table, attended the Round Table convention at Washington, D. C. He told these delegates about the Excalibur club and they decided to sponsor clubs internationally. Soon there will be Excalibur clubs all over the United States.

During the second semester each boy who had charge of the weekly program attended the Rotary meeting of that week. This contact with the successful business men helps the boys a great deal. Membership is limited to upper-classmen of high standing.

Khan Tola Club

Girls' League

The officers of this organization to which all the girls in the high school belong are:

Helen Cottrell	President
Arabell McKee	Vice President
Maxine Belloni	Secretary
Edna Beaudette	Treasurer
Gertrude McKeown	Corresponding Secretary
Margaret Nemes	Cheer Leader
Miss Constance Hendrickson	Faculty Adviser

Committees were appointed at the first of the year to carry out the work of the club. A mother-daughter Hi-Jinks was held in January, more than 200 persons attending. In May, the girls again entertained their mothers at a Spring tea.

During the various athletic seasons the League gave "feeds" for the teams after the games. The girls have cooperated with the committee chairmen and officers in such a manner as to make this a successful year.

Senawah Camp Fire Group

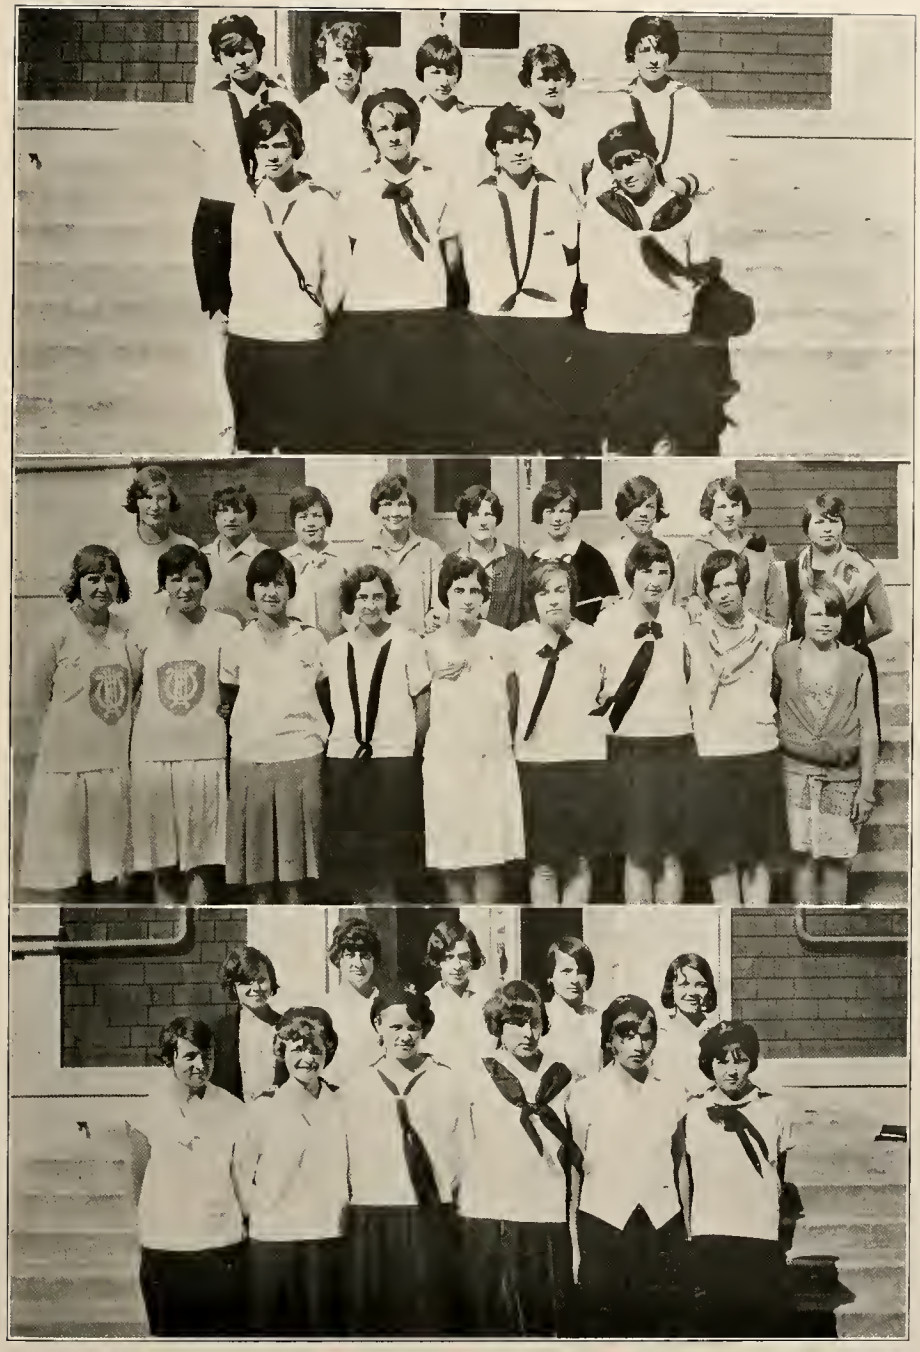
The Fortuna High School Senawah Camp Fire girls took their place in the school with the beginning of the school year when they entered as freshmen students. The group was organized in November 1927 in the Fortuna Grammar School. The guardian, Mrs. George J. Badura, and assistant guardian, Mrs. George C. Sweet, have taken an active interest in the girls. This group of nine girls holds its meetings at the homes of the members. The girls have taken numerous hikes and have held several socials. The members are: Front row, left to right—P, Smith, B. Smith, Baxter, J. Smith. Back row, left to right—Langin, Hill, Aldrich, Heckman, Scott.

Lamonte Camp Fire Group

The purpose of the Lamonte Camp Fire group is to help the community and to send each member to a Camp Fire camp at least one week during vacation. The group has served the town in various ways including the keeping of the plot east of Fortuna in good condition and the decorating of the community tree at Christmas time. The members are: Front row, left to right—Linser, Gow, McKee, Alward, Wood, Ross, Child, White, Nielsen. Back row, left to right—Quigley, Gould, Minor, McKeown, L. Hunter, Bryant, Patton, G. Hunter, Chapman. Mrs. E. J. Hunter and Mrs. P. A. Hugo are the guardians.

Fa-Ho-Cha Camp Fire Group

The Fa-Ho-Cha Camp Fire group was organized in March, 1928. Mrs. Harry Marsh was selected as the guardian. Meetings are held every Monday night at the home of the guardian. All members belong to the Woodgatherer's rank. A Valentine Tea was given in February. The members are also planning to give a program and a show at the Wi-Ne-Ma Theatre. Mrs. E. C. Grau is the assistant guardian. During the first term Dorothy McGovern was president and now the office is filled by Kathryn Coke. The members are: Front row, left, to right, Coke, Nemes, Thompson, Hine, McGovern, Bronson. Back row, left to right, Hawks, Cottrell, Moore, McLean, and Gouthier.



The members of the Senawah Camp Fire group, the Lamonte Camp Fire group, and the Fa-Ho-Cha Camp Fire group are identified in the write-ups on the opposite page.

Shorthand Club

The Order of Gregg Artists was organized during the fall semester to encourage a more thorough study of the principles of Shorthand and the problems confronting those who expect to go into secretarial work. The life and experiences of outstanding shorthand writers as Charles Lee Swen and John Gregg has also been made a part of the work of the club. The meetings have been interesting and instructive under the leadership of Wayne Jarvis. The members are: Front row, left to right—Wescott, Look, Wolford, Hull, Sweet, Coakley. Back row, left to right—Miss Everson, Jackson, Jarvis, Bryant, Williams.

Music Club

The "Ten Dark Horses from Nowhere" with their derby hats is primarily a "jazz" club. The students held practice meetings at the homes of the members and also at school. These meetings have greatly improved the technique of the players. The club's purpose is to promote practical experience in playing in public, in an orchestra. The club made its first appearance at the "Father and Son Bust" of the boys' league. The members are: Front row, left to right—Holt, Brown, Thompson, Bender, McCloskey. Back row, left to right—Morehouse, Dixon, Miss Dale, Cottrell, Linser, Anderson.

Footlights Club

The Footlights club was organized in November under the supervision of Mrs. Ruth Beck and is now under the direction of Miss Helen Ford. The purpose of the club is to furnish plays for the community and students. The members are: Front row, left to right—Devoy, D. McGovern, Anderson, Williams, Minor, K. Hawks, Moschini. Second row, left to right —Layton, Miss Ford, Nemes, Maple, MacKinny, Carter, H. Hawks, Thompson, McLean, Dinsmore, Davis, Stevenson. Third row, left to right—Hedley, Holt, Peterson, Trione, D. Bowers, Newell, Paine, McKay, Kaski. Back row, left to right—Wood, S. Bowers, Tatman, Barsanti, Donald McGovern, D. Boyd, Lozensky, Moore, Mengali, W. Boyd, Burnside.

The members of these groups are identified on the opposite page.

The Art and Craft Club

This club directed by Miss Mary Hornaday was organized to create a greater interest in art. Tooling leather and designing of scenery have been the main activities. A large part of the operetta scenery was made by members of this club. William Moore and Percy Miller were chosen to take operetta posters to the various schools of the county in order that they might see what other art students were doing. It is interesting to note that so many students are cooperating in bringing the best in art before the public. The members are: Front row, left to right—Early Tosti, Miller. Middle row, left to right—Hansen, Moore. Back row, left to right—Thompson, Miss Hornaday, Maudlin.

Fish and Game Club

This organization is a junior branch of the Eel River Valley Fish and Game club. The purpose of the club is to see that the Fish and Game Laws are carried out and to promote harmony between the ranchers and sportsmen and to help the conservation of forests and streams and the propagation of fish and game. Several field trips were taken by the club. A program along the lines of fish and game was also given before the Student Body. The members are: Front row, left to right—Peterson, W. Woodcock, Hanna, Perenin, and Nielson. Back row, left to right—M. Woodcock, Hauck, Buxton, Jones, Baldry, and Mr. Stenback.

Outdoor Club

The Outdoor Club has been one of the most active in the school. The members are interested in hiking, botany, bird lore, tree study, first aid and life saving. Collections of flowers were kept and at the end of the year the best pages of each book were taken to make one large book. Pins, emblematic of their nature study, were selected for the club. The club is planning to hold a wild flower show next year. The members are: Front row, left to right—Bianchi, Rhoades, Lowrey, Perrott, Mossi, Farmer, Haapala. Back row, left to right—Wilburn, Thomas, Robinson, Rutledge, Gianoni, Kjer, Miss Schwab.

The members of these clubs are identified on the opposite page.

The progress of Transportation in Humboldt County was the theme of the 1929 Megaphone. How well this was carried out the readers can judge for themselves. Much time and thought has gone into the making of this year's annual, and the staff feels that the result will fully pay for the effort.

In conclusion the staff extends its thanks to all who have taken any part in preparing this year's annual for the press. The literary work was under the supervision of Miss Louise Blake; the art work under the direction of Miss Mary Hornaday; and the financial department under Mr. Fred Kelly.

Much credit is due the following students for the original linoleum cuts: William Moore, Lillie Hansen, Florence Wilburn, Dorothy Gould, Mae Scheppler, Percy Miller, and Woodrow Thompson. The cover was designed by Carmen Davenport.

The staff of the Megaphone is grateful to Dorothy Grigsby, Dorothy Coakley, Cecil Cox, Ronald Chase, Mary Friedenbach, Helen Cottrell and Peter Petersen for their cooperation.

Vocational Agriculture

The Agriculture Department under the leadership of Mr. George Jenner has increased in enrollment this year from 21 to 33 members. The department works as a club and is primarily interested in the study of modern farming and the cooperation of the farmers.

The students have participated in many activities. First place was taken in the Booth Exhibit at the Humboldt Fair. The Poultry Show sponsored by the Junior Farm Center was the largest ever held here, and netted $261. At this time a one-act play, "Ding-a-ling," coached by Miss Louise Blake was put on by the boys.

This spring found the members busy with their field work. Several hundred chickens were incubated, brooded and sold as a club project.

The Farm Mechanics department under the leadership of Mr. Robert Look has made big strides this year. They have new quarters for their work and more equipment. The boys built the body on the Agricultural bus, and have completed a modern brooder house for the school.

"A Nautical Knot" a two-act operetta was given under the direction of the music department March 8 and 9. More than 100 students were in the cast. Barnstapoole girls and towns people were represented by the Girls Glee Club, and the sailors by the Boys Glee Club.

The art class, dancing class, and clothing class aided a great deal in making this a success both dramatically and financially. The special orchestra played for the audience between acts. Ione Wescott and Zelma Burnside were accompanists for the operetta. Miss Dorothy Dale was the director. Miss Mary Hornaday, Miss Helen Ford and Miss Carol Chapman all helped in making this operetta a success.

Middle row, left to right—Anderson, Wood, Bowers, Ellis Brown, Petersen, Edwin Brown, Santarini, O'Rourke.
Back row, left to right—Dixon, Hedley, Russel Thompson, Larson, Alexander.

Boys' Glee Club

With an enrollment of twenty-nine members, the Boys' Glee Club has done fine work under the direction of Miss Dorothy Dale, instructor.

Besides singing at the Poultry Show last fall, the boys took an active part in the operetta, "A Nautical Knot," where they appeared as "gobs" in ship-shape style. They also sang at the Musical Festival at the Humboldt State Teachers College in Arcata, bringing credit to the school.

This year, with an increase of thirteen members, the club has been able to do more difficult part singing. It is gratifying to note the increased interest shown by the boys, most of whom are outstanding in other activities. A new plan has been formulated whereby musical awards will be made for active membership in the organization.

Part singing has not been limited to the glee clubs. All of the voices of the student body were tested and divided into soprano, alto, tenor and bass sections. The mixed chorus, consisting of Boys' and Girls' Glee Clubs, led the student body in the singing of Christmas carols in parts.

Front row, left to right—Holmes, Cross, Bruga, Cirby, Dinsmore, Shields, Bartlett, Reback, Wise, Williams.
Middle row, left to right—F. Wilburn, H. Wilburn, Chapman, Betger, M. Wilburn, Bianchi, Brorsen, Heckman, Barti, Watson.
Back row, left to right—Smith, Chandler, Kjer, Y. Thompson, Baxter, McMillan, Martin, Stephenson, Wood, H. Thompson, Hopper, Miss Hornaday.

Girls' Glee Club

The Girls' Glee Club under the direction of Miss Mary Hornaday has had a very successful year. Miss Hornaday, the art teacher, cannot only blend colors but has proven her ability to blend voices as well.

The greater number of girls enrolled were freshmen who had little or no training in part singing. Although difficult at first, good second soprano and alto sections were developed.

The newly adopted uniforms have added much to the appearance of the club. The glee club took part in many programs including the Freshmen Reception, the Poultry Show, the Girls Hi Jinks, the operetta, "A Nautical Knot," the Baccalaureate Service and the Music Festival.

With Nora Hopper as president, Wilma Chapman and Myrtle Dinsmore as librarians, the cooperation and application of this group has been excellent.

From the glee club nine or ten voices were selected to sing in a special chorus which practices on Tuesdays and Thursdays during the advisory period. The girls learned numerous three and four part songs, singing them in several programs. They also took part in the Christmas play.

Front row, left to right—Langin, Packer, Smith, Aldrich, Reback, Haapala, Tosti, Shields, Carlisle.
Back row, left to right—Davenport, Curren, Santarini, Gallagher, Ingram, Windbigler, Evans, Childs, Walden, Miss Hornaday.

Elementary Orchestra

The Elementary Orchestra under the leadership of Miss Mary Hornaday has won many comments upon its ability to amuse its listeners, as well as to provide good entertainment. A wide variety of music is studied, but the spirited type seems to be the favorite with this group.

We are happy to state that the music does not sound so much like a Tin Pan Brigade as it did the first of the year (the instructor is not the only one who thinks so). Improvement has been made to the extent that several public performances have been given before the student body and the Onward Odd Fellows Lodge.

This ensemble is an added feature this year which enables the beginner to obtain a thorough foundation before gaining entrance to the Advanced Orchestra. It is hoped that every member of the Elementary Orchestra will go out for second year orchestra next year. This would greatly aid the Advanced Orchestra as the members would be better prepared to take up more difficult work. This is the first year that there has been enough students interested in orchestral work to have two orchestras. It is hoped that the students will keep up this interest.

Front row, left to right—Gow, Docili, Linser, Burnside, Williams, Beaudette, Rasmussen, Look, Holt.
Middle row, left to right—Miss Dale, Holman, Nicholsen, Osborne, V. Woods, Dinsmore, Thompson, Cottrell, Dixon, Bender.
Back row, left to right—Brown, McCloskey, B. Woods, Nielsen, Gallagher, Linser.

Advanced Orchestra

The Advanced Orchestra of the Fortuna Union High School is an organization of which the Student Body and city of Fortuna may well be proud.

This group is composed of about thirty experienced players who have practiced many months under the leadership of their instructor, Miss Dorothy Dale. Most of this time has been spent on the classics, including works of Beethoven, Schubert, Tchaikowsky, and Brahms. Whenever programs have been given, they have brought forth much praise and favorable comment.

During the year, the orchestra has furnished music for the school plays, the Poultry Show, the Redwood Caravan Luncheon, the Commencement Program, the Baccalaureate Service and other functions including the Operetta, "Nautical Knot," the Music-Drama Festival held at Eureka and the Music Festival at the Humboldt State Teachers College in Arcata.

An appreciation of the honor of participating in the Advanced Orchestra is to be shown, for the first time, by the awarding of a music letter "F" to those who have been members for two years and a star for each additional year.

Front row, left to right—Holt, Bender, Webster, Dinsmore, Mengali, Lewis, Nielsen, Davenport, Ammer.
Back row, left to right—Walden, Linser, Anderson, Curren, Miss Dale, McCloskey, Windbigler, Paine, Gallagher.

School Band

Students of the Fortuna Union High School have heard the uncanny shrieks, blasts, and bangs coming from the auditorium and have, no doubt, wondered who or what was being tortured. At least the members of the Art and Physics departments have survived the tortues. Let us explain.

This year a band was organized in the school, and despite the fact that most of the members are beginners on their respective instruments, the band, which is composed of boys only, has made a great deal of progress. After several months of practice under the leadership of Miss Dorothy Dale, it has reached a place where it can make a creditable appearance in public.

The band's debut was made at the Ferndale vs. Fortuna basketball game. It also played during the Eureka vs. Fortuna basketball game on the home court and it has also played for the student body on several occasions. Since many are taking advantage of the opportunity to receive instruction on the various instruments, we expect this organization to make rapid strides in the future.

The student body presented "Adam and Eva," a three act comedy by Guy Bolton and George Middleton, November 23. The play was one of the biggest successes, both financially and dramatically that has ever been produced by the students of the Fortuna Union High School. Miss Helen Ford, dramatics coach, carefully chose the cast. Due to the sudden illness of Miss Ford, Mrs. Ruth Beck coached the play.

The plot of the play concerned a very wealthy man and his parasite family. He lost money in a big drop in the rubber market, and the way in which his family overcame the sudden difficulties proved very interesting. A good love story was woven into the play and there were many comedy spots.

"Under Twenty," a three act comedy by L. Westervelt and John Clements, was cleverly presented by the senior class on the evening of April 19. Miss Helen Ford directed the play. The heroine of this comedy is a most lovable personality, a charming miss of seventeen, who takes it upon herself to save the family fortunes by marrying off her sister to a handsome man from the west. She is a movie fan and regulates all her deeds by asking herself, "What would Mary Pickford do now?"

She managed to keep the entire family in an exciting turmoil for almost two hours, only to discover in the end that she is really in love with the westerner. She achieves all her aims, however, and in the end makes everybody happy in her fascinating way.

Compensation

The law of Compensation is—you must pay for what you get, or you get what you pay for.

You can't get away from nor violate this rule of compensation.

It is not new, it is as old as creation itself.

Centuries ago it was expressed this way: "Whatsoever a man soweth that shall he also reap."

Too many try to ignore this great rule, they try to get something for nothing.

You may eat first and pay afterwards, or you may pay first and eat afterwards.

You may play the butterfly; sip life's sweets and sow your wild oats now, but pay day will come and maybe you will be unable to pay.

You may spend your income now and suffer want later on.

You may work hard now and play as you go along. You may have happiness each day you live; you can make life worth living if you work.

Happiness is compensation for work; no work, no happiness.

You may have what you want, but, you must pay for it.

Millions cost happiness and often cost health too.

The dinner is properly balanced when it has sweets as well as substantials. The sensible person finds the dinner is the better if the sweets come after the substantials.

To violate the law of compensation is to eat the sweets first and then the substantials, and by this law the substantials do not taste good when they are eaten after the sweets.

The man who procratinates is violating the law of compensation. When you see your duty attend to it at once.

4 Distinct Advantages of our Specialized Chevrolet Service

GENUINE PARTS

In all our service work we use genuine Chevrolet parts exclusively. From every standpoint this means greater satisfaction for the Chevrolet owner—for genuine Chevrolet parts not only fit perfectly, but wear better and do not injure the other parts with which they come in contact.

FACTORY TRAINED MEN

Our service work is done by capable and experienced mechanics who have been specially trained in Chevrolet service schools. They have mastered every repair operation on a Chevrolet car—and are kept constantly informed as to the very latest and best methods.

SPECIAL MACHINERY

Our service shop is equipped throughout with the latest approved tools and machinery—designed under the direction of Chevrolet engineers. This special equipment enables our mechanics to perform every job expertly and promptly—and at the very minimum cost to the owner.

FLAT RATE CHARGES

Because of the uniform quality and efficiency of our service work, all our charges for parts and labor are based on a low flat-rate schedule. This system not only saves money for the Chevrolet owner—but enables him to know in advance what any job will cost.

Lumber

As Important As The New Home's Plans

IN PLANNING your new home, give a serious thought to the lumber that goes into it. Years of extra service depend upon Quality.

For the supporting joists, the flooring, the trims, the doors—be sure to get the best.

The added cost is soon forgotten in the longer service and greater satisfaction you will have.

You wouldn't neglect your car

Why neglect yourself?

After all, we human beings
greatly resemble automobiles.
Parts wear out and give away.
The main difference is that the
parts in a human being are not so
easily replaced. That means then that
we should take better care of ourselves
than we do of our cars.
Visit your physician frequently. Have a
thorough physical examination at least
once a year. Keep yourself fit. It
is better to keep well than to have
to get well. You will find your
physician thorough, kind and
understanding.
